

Multiple socket 4-fold (fixed installation IP 44)

Material no.: 6000000316 | Matchcode: ZSS F | EAN code: 4045294197797

- » Pre-wired for connection
- » four connection possibilities 230 V, 16 A
- » Sockets at an inclination of 30°
- » with vertical installation splash water protection acc. to protection class IP44
- » inset mains lead cleat

Dimensions

External dimensions: 356 x 92 x 77 mm

Technical details

Weight: 0,71 kg
Voltage in volts: 230 AC
230

Conformity

WEEE-No.: DE 88475704

Description

The shock proof multiple socket is pre-wired for connection and provides space for four plugs (230 V, 16 A) at an inclination angle of 30° and is therefore also suitable for angle plugs. The splash water protection acc. to protection class IP44 is also guaranteed in vertical installation e.g. on a wall. Furthermore the shock proof multiple socket comes with an inset mains lead cleat.

With the security socket strip in combination with a van racking system into a mobile workshop, and you can also work outdoors at your place of operation doing repairs or adjustments as required. you can turn your loading space. Installation and use in or outside the vehicle is only allowed after testing and compliance with the required intended purpose.
