Description

This L-BOXX 102 G4 features the divider set 4F, which enables the L-BOXX G4 to be subdivided into four rectangular compartments. Tools and work equipment can be securely stowed away and transported. The subdivision provides for enhanced organisation and, as a result, saves time, since there is no more need for lengthy searching. The rigid foam lid insert seals the top of the divider set, preventing the contents from becoming mixed up.
